HELP

**#EndTheStreakTX**

End the streak of daily deaths on Texas roadways.

There's been a death every day on Texas roads for 24 years straight. And that's a streak we want to break. TxDOT created #EndTheStreakTX in an effort to raise awareness about the long streak of traffic deaths in Texas and how this is an issue that impacts every Texan.

**How can we end the streak?** Most crashes and fatalities are due to impaired driving, distracted driving or failure to use seat belts. In other words, they're preventable. Ending the Streak is in your hands.

**Here's what you can do:**

- \* Buckle up: seat belts are your first line of defense.
- \* Drive the speed limit, or slower, depending on road or weather conditions.
- \* Never drive under the influence of alcohol or other drugs. Plan a sober ride home.
- \* When driving, put your phone away or set to "Do Not Disturb."

**Here are some examples of what TxDOT is doing:**

- \* We engineer roads to be more forgiving of driving behaviors.
- \* Roadside rumble strips alert drivers if they start moving off the road.
- \* We use median barriers to prevent head-on collisions.
- \* We use technology like flashing LED signs and radar sensors to prevent wrong-way collisions. We run driver education campaigns to give drivers safety reminders
